(Letter to Mrs. W. G. Welch.)

WASHINGTON, May 29.—Dear Sister: I have been in Washington since the 1st. Marie B., Edward and Georgia came in from Florida four days later. You can imagine how we have enjoyed our re-union. We are all in robust health, praise the Lord.

To itemize the events since I wrote last: We got out of quarantine Saturday, April 28, and spent the day at Zion City as guests of our dear general overseer. The weather was very unpropitious and the devil did his worst to spoil our pleasure; but he struck the wrong party when he tried to depress the 200 happy souls that had just issued from a 31 days' imprisonment. We enjoyed our outing immensely despite the raging elements set in motion by the malignant prince of the power of the air. We went out on a special train at 9 A.M., and returned at 5:30 P.M. It is a little over an hour's ride from Chicago to Zion City.

I received tri-union immersion on Sunday 27th, the first opportunity after my birthday on the 22nd, which was spent in quarantine. I was very happy in obeying the Lord in the way he commanded his apostles, though I am no wise, by doing so, ignored or repudiated the baptism of my infancy; for I have always held that the Lord accepts what we do, with the imperfect light we have, if it be genuine, as well as the more perfect obedience of later and more enlightened stages of experience.

So with sprinkling and our immersion, though both are unscriptural innovations, I am glad to believe the gracious Lord receives both as genuine, though ignorant attempts to obey Him. The times of ignorance God waits at, while still patiently going on to teach his poor children better. One immersion was foisted upon the church during the fourth century, by one Euonius, who denied the Divinity of Christ and repudiated the hitherto unbroken practices of the church from apostolic times, because he did not wish to associate him with the Father in equal honors. Sprinkling came in at a much later date for a reason less heretical, but more frivolous.

Yet I would hesitate to declare our Baptist or Presbyterians friends unscripted persons because both have departed from apostolic precept and example. God has taught me, especially in Zion, not to call anything common or vociferous that his tolerant grace has declared clean.

The Sunday following my immersion, May 4, I was ordained an elder in the Christian Catholic church in Zion in the presence of assembled thousands in the auditorium in Chicago. Again blessing followed this second ordinance of the Lord's house, that I trust will bring forth good fruits in the future.

Tuesday, May 6th, I spent in Zion City. I went out to the divine healing meeting for my own personal wants, my hearing is defective and I was subject to attacks of vertigo; both of which would impair my efficiency in service.

The general overseer laid his hands on me for these complaints and I have a good hope, through grace, that both ailments will vanish. Certainly there is no man on earth through whom the Lord can work his healing power as he can through Dr. Dowie. And the result is obvious. There is no man on earth so completely surrendered as Dr. Dowie as an instrument. "A vessel meet for the Master's use." It is both wonderful. It is scriptural, logical, simple. God will work through any of us if he can work unhindered. That is the only secret of Dr. Dowie's power—that is known and read of all men who are willing to know and read. Ah, there is the difficulty: so few are willing to know!

I have taken charge of the little flock in Washington. The only place I could get was a small hall on Louisiana Ave., and that only on Saturdays and Sundays. I have divine healing services on Saturday afternoon at 3 o'clock and preaching on Sunday at 11 A.M. and 7:30 P.M. So far I have ample opportunity not to despise the day of small things. The same malevolent opposition to Zion confronts me here as others elsewhere. But you know from scripture that that is a divine authentication of a genuine mission.

I am to return with Mrs. Barnes to Chicago after July 1st.

God bless you my sister. Pray for me. Wife sends love. Ever in Jesus, yours affectionately,

BRO. BARNES.

WHOOPING COUGH

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we might have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickfaden, editor World Herald, Fair Haven, Wash. For sale by Craig & Hocker, druggists.

MISS MAUDE MILLER POPE.

The above cut is only a fair likeness of the young lady who will represent Boyle county in our contest to be given Wednesday evening, June 18th, at Walton's Opera House. Miss Pope requests us to state that the use of her name in connection with any other contest is without her authority. She is quite popular in Boyle county, receiving a large vote in the Danville News' contest for the most popular young lady. Her subject is "Who Broke up de Meelin."

LIBERTY.

Decoration day was observed at three places in the county: Salem, Willow Springs and Kidd's Store. No casualties reported as yet.

The ladies of the Christian church included the church in their overhauling. It has been papered, painted and a new carpet put down.

The fight for the republican Congressional nomination in this district promises to become warm before long. Hon. David G. Colson is billed to speak here on Saturday, June 14th, and he has invited both of his opponents to meet him in the discussion of the issues of the day.

The prohibition party of the 11th Congressional district held a convention and nominated Judge Wm. Stone, of Monticello, as their candidate for Congress. Mr. Stone is a brother of Messrs. J. Boyle and George E. Stone and formerly resident of Jamestown. He is well-known and highly respected and will poll a strong vote for his party.

The many friends of Edgar Wilkison are glad to hear of the good prospect of his recovery. Joe Jordan was at Bell & Giboney's livery stable on Thursday buying horses. Miss Birdie Stone, of Monticello, is the guest of Miss Amanda Stone. Mr. Fayette Wilkison has been visiting in town the past week. Miss Pearl Montgomery is at home from Hamilton College. Miss Fay Chamberlain, of Birmingham, Ala., and Misses Haldey Rowe and Salie Patterson, of Jamestown, remained over visiting in town after the W. C. U. convention until Wednesday. E. T. Willis, of Cave City, was here on Wednesday. Mr. Almon Jones, of Montpelier, passed through here en route to Stanford to see his brother. Mrs. Bertie Woltord, of Columbia, is visiting Miss Lucille Bowman.

The Woman's Christian Temperance Union Convention of the 11th district met here at the Christian church on Tuesday evening, 27th. Welcome addresses were made by Judge J. Q. Montgomery, Hon. P. H. Taylor, Judge J. D. Ilden, Miss Emma Belden and Master Herbert Warriner, to whom Mrs. Sue Taylor, of Dunnville, and Mrs. Frances Beauchamp, of Lexington, responded on behalf of the visitors. Mrs. Sophia Stone, of Monticello, delivered an address as president. About 40 delegates, representing every Union in the district, together with about 25 visitors, were present. Three sessions a day were held and addresses were delivered by Judge Wm. Stone, State President Mrs. Frances Beauchamp, Miss Katherine Pettit and Miss Tobias Huffaker. The Loyal Temperance Union gave an exhibition on Wednesday evening under the able supervision of Miss Anna Belden. A medal contest was held—Miss Ella Terrail, of Middleburg, carrying off the first prize.

The following officers were elected for the ensuing year: President, Mrs. Sophia Stone, Monticello; Vice President, Miss Anna Belden, Liberty; Recording Secretary, Mrs. Cora Stone, Monticello; Corresponding Secretary, Miss Ella Falkenberg, Jamestown; Treasurer, Miss Elizabeth Phillips, Liberty. The next convention will be held at Somerton.

Valentine Ziegler, of Louisville, has the record for being the youngest grandfather in the country. He is only 34. He was married at 16 and his daughter, who is now a mother, was married at the same age.

THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

H. H. HENNINGER

Of Wayne County, is a candidate for State Treasurer, subject to the action of the Democratic party.

G. G. GILBERT

Of Shelbyville, is a candidate for the democratic nomination for Congress in this, the 8th district, subject to the primary to be held Saturday, Aug. 9.

The following from yesterday's Courier-Journal will be good news to everybody—both British and Boer sympathizers: The Boers surrendered to the British at Pretoria, Saturday night. The terms were signed by the Boer representatives and Lords Milner and Kitchener. The news was cabled to London Sunday by Lord Kitchener, and was received there with great rejoicing. The official statement of the terms of the surrender has been given out, but W. T. Stead says the capitulation was not unconditional; and that the Boers will receive a large indemnity with which to build their homes. The Boer war began Oct. 11, 1899. It has cost Great Britain nearly \$1,000,000,000 and the lives of 22,200 soldiers, besides 73,000 wounded and invalided home. King Edward issued a proclamation after midnight expressing his satisfaction.

THE executive committee in the railroad commissioner's district has taken no action that we know of to rescind its work of two weeks ago when it showed very plainly its desire to shut out all candidates for the office save the incumbent, Mr. McCord. Such favoritism can only work to the detriment of the democratic party and if the committee doesn't do something to make amends for its hasty and unreasonable work, the people will and they will do so in no uncertain tones. Mr. McCord, who seems to be pulling the string on his "committee of three," should demand a recall of the snap action and he will do so if he knows what is good for himself.

OUR prohibition friends should not grow hilarious over the passage by the House of an order forbidding the sale of liquor in the capitol building. Even if the Senate concurs the honorable gentlemen who legislate for us will merely get drunk in the committee rooms instead of making public exhibitions of themselves in the Congressional restaurants. Moreover, the "cold tea" subterfuge of 25 years ago can be employed again. The man who wants whisky will find no difficulty in getting it in the capitol despite all the orders that may be framed.

WHAT have we been doing that is wrong now? The INTERIOR JOURNAL declares there is hope for us yet. It must have been something very bad indeed. When the INTERIOR JOURNAL hopes for us we are in despair.—Louisville Post.—Your slugs are too many to enumerate, but the fact that you wear a democratic garb to better serve your purpose in kitting that party, is alone enough to damn your miserable existence and make you an eyesore to lovers of democracy and people generally who admire decency and truth.

THE House has passed a bill to stop the coining of silver dollars and to convert the \$35,000,000 of silver bullion now in the treasury vaults into small change. The bill provides also that if a sufficient supply of small change is not furnished by the bullion on hand some of the "dollars of the daddies" may be melted down and converted into halves, quarters and dimes. There are about 450,000,000 silver dollars stacked up, inert, in the treasury and subtreasury vaults. The bill will hardly become a law.

FORMER PRESIDENT CLEVELAND has accepted an invitation to speak at the opening of the new Tilden Club in New York City June 10. Invitations have been sent to about 1,500 prominent democrats. This will be the first time Mr. Cleveland has addressed a political audience since his retirement from office. It is sincerely hoped that Mr. Cleveland will come back into the democratic fold and make his last years his best by working for the party that has so greatly honored him.

WHEN the poor of Paris were starving for want of bread a lady of the ancient regime sympathetically asked why they did not eat cake. Similarly, while beef is rising under manipulation of the trust, why do not people eat strawberries and ice cream? asks the Philadelphia Record.

The Man and His Sneezes.
Once upon a time a man afflicted with annual attacks of hay fever was walking in the city with a friend.

"This is about the time when my trouble should begin," he said. "A wisp of hay or the down of a peach would now start me and send me to the mountains for relief."

Just then a grass widow passed him, and the man sneezed most vociferously.

"You are indeed sensitive," said his friend.

An Obedient Tiger.

"How entire," remarks the London Globe, "is the confidence of the native Indian in the government may be gathered from the following anecdote, which comes from Lahore: A tiger had escaped from the zoological gardens, and its keeper, hoping to lure it back, followed it. When all other inducements had failed, he lifted up his voice and solemnly adjured it in the name of the British government, to which it belonged, to come back to its cage. The tiger, it is needless to add, obeyed at once."

The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of LaFayette, Ala., says: "In June 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in 15 minutes. THE Stanford Oil, Gas & Developing Co. has abandoned its well No. 1 on the Italies farm and will try its luck on W. Frank McKinney's farm on Hustonville pike. A depth of 800 feet was reached in No. 1.

PET SNAKE.—The cutest kind of a little snake, if snakes can be called cute, came into W. B. McRoberts' drug store Saturday morning and it behaved so well that it made a friend out of the proprietor, who has decided to tame it and make a pet of it.

THE docket of the June term of circuit court which begins Monday contains 74 Commonwealth cases, 17 ordinary, 9 ordinary appearances, 12 equity appearances and 72 old equity cases. There are two murder cases—Hiram Grant for killing Charley Likens and Alfred Bright for killing Sam Blakes more.

MR. ALFRED A. HIGGINS will be chairman of the elocutionary contest given by Managers Sauday & Alveron at Walton's Opera House, June 19th, and the following young gentlemen will act as ushers: Tim Pennington, Harry Higgins, Lee Hill, W. B. Portman, Harold Hutchings, Jack Rout, Foster McAllister, Welch Rochester, Ashby M. Warren, Warren Hughes, Geo. D. Florence.

S. P. C.—Ed. B. J. Pinkerton has been elected for a second term as president of Stanford Female College. Miss Mattie Paxton will again be assistant to the president while Miss Ellen Ballou will continue to look after the music pupils. The term just about to end has been a splendid one in every sense except in a financial way, but the prospects for next term are more flattering than that extent. Parents generally are well satisfied with the work of their children and will return them to the college while a considerable number of new pupils have already been pledged.

MURDERED HIS WIFE.—At about midnight Saturday James Dawson, colored, shot his wife to death in Jerry Wade's yard in Macksville. A .38-calibre pistol was used and she was shot three times—once through the head and twice in the breast. Either of the wounds would have proven fatal. About 30 minutes later Marshal Jones arrested him in the St. Asaph Hotel, where he was quietly sitting around with his pistol by his side. On the way to jail told the officer that his wife worried him so by following him around that he was compelled to get her out of the way. It is a horrible case of murder and if Dawson's life does not pay the penalty we will be very greatly surprised. The couple had not lived agreeably for some time and the wife had frequently told of her husband's threats to take her life. Dawson's wife attended a supper at the colored schoolhouse the night of the killing and he called her out twice to talk to him. He said a third time for her, but she refused to come out, but later he saw her and walked with her to Wade's house. Lula Wade, daughter of Jerry Wade, returned from the supper after Dawson and wife did and saw them standing in her father's yard talking. They were speaking in an undertone, but she could tell they were quarreling. Some 15 minutes later she heard the fatal shots. Dawson seems to be rather careless about his crime and spent Sunday and yesterday laying around in jail smoking cigarettes. He is said to have remarked that he would prefer being hung to going to the penitentiary and it is more than likely that he will get his preference. Dawson is about 25 years old and has worked for the hotels here for the past year. He is a good worker and has not been in any previous trouble that we know of.

Cooper Skidmore's jury composed of George B. Cooper, J. W. Hocker, A. P. Brackett, O. P. Huffman, E. C. Walton and J. H. Boone, rendered the following verdict: "We find that the body that lies before us is that of Martha Dawson, who came to her death by being shot by her husband, James Dawson."

The prisoner was brought out yesterday and his trial set for tomorrow. He has secured no attorney yet. The colored people are very much down on Dawson and they unhesitatingly say he should be hung.

GEORGE HOLMES' mill at Crab Orchard will grind on Fridays instead of Saturdays as formerly.

MISS SACRAY, the photographer, is back from Lancaster ready and willing to wait on her customers here.

WON A WATCH.—In the Danville News' popularity contest, Miss Eva Grant, of Danville, won the handsome gold watch offered and Miss Louise Hutchings, also of Little Britain, the \$10 worth of photographs offered by Photographer Choate. Misses Edna Baughman, Katherine Alcorn and Delia Coffey, all of the West End of Lincoln, received votes by the thousands.

PLEASANT OCCASION.—Miss Lucille Cooper very delightfully entertained the T. I. A. Club and the five young ladies who will graduate with her at her home Friday evening. The guests assembled about 8:15 and from that time until the wee sma' hours joy reigned supreme. An hour or more was consumed in the contest for first honors in the game of "Courtsip in Flowers." After choosing partners by lot the contest began in earnest. Some of the questions asked were perplexing and required both time and thought. Miss Sothe Alcorn was the first to win and was the recipient of a handsome bouquet as first prize. Dr. R. A. Jones, who is still working on the knotty problems, got the hooby—some flower seed. Delightful refreshments were served between 10 and 11 and the rest of the evening was spent in games and conversing.

THE elocutionary contest to be given at Walton's Opera House, Wednesday evening, June 1st, will exceed anything of the kind ever given in Stanford in the past nine years. This is our first annual contest and we propose to leave nothing undone to make it a success, sparing neither time nor money to do so. Reserved seats are going rapidly, the management receiving orders by each mail. They are on sale at McRoberts' drug store.

THE Baccalaureate sermon at the Presbyterian church Sunday morning by President B. J. Plakerton, of Stanford Female College, is considered one of the most able and scholarly efforts ever heard in Stanford. The church was filled to overflowing and the attention given Mr. Plakerton was excellent. The choir singing was a feature of the services and Mrs. Neil Warren's beautiful solo was a treat. The graduates were all dressed in their best "bib and tucker" and they made a lovely and happy group.

CRAB ORCHARD—A fairly good crowd attended Mr. D. B. Edmiston's solo Saturday and household and kitchen furniture sold well. J. F. Edmiston, who has been in the census department at Washington, will travel for the Continental Insurance Co. The Crab Orchard band made music at the decoration day exercises at Berea Friday. It will play for the college commencement there tomorrow. News comes from Paris, Texas, that Mrs. J. M. James, who was Miss Grace Tudor, has a daughter, Roscoe C. Perkins, who has been at Phoenix, Arizona, has gone on a ranch near Dawson, N. M., and he is much pleased with his prospects. Mrs. Alice Newland has the park at the depot looking like a veritable garden of Eden. She takes great pride in making this little enclosure pleasing to the eye. Guests are already arriving at the Springs, which are now in the pink of condition. Manager Willis has worked hard getting things fixed up, but he has the satisfaction now of knowing that he has the prettiest, cleanest and best Summer resort in Kentucky. Mr. W. S. Myers is back from Thorntown, Ind., slightly improved in health. General regret is expressed at the removal of Mr. and Mrs. Morris J. Harris to Louisville.

STANFORD, - - KENTUCKY

Eagle Bird,

The mighty son of the great
King Eagle.

Eagle Bird as a show stallion has but few
enemies. He won the \$500 stake at Lexington,
Ky., defeating some of the greatest
horses that Kentucky has ever produced.
Eagle Bird, as a sire of good colored, high
finished horses, is not surpassed. His colts
are in demand and are selling for high
prices, either for business or breeding pur-
poses. Will make the present season at the
stable of his owners, 2 miles west of Stan-
ford on the Shelby City pike at the low
price of

\$10 to Insure a Living Colt.

Parting with the mare forfeits the insurance.

Also at the same place we will stand the
fine mare Jack.

SWEET WILLIAM,

at \$4 to insure. No better mare Jack will
be offered for public service than this one.

DIGNITY DARE.

DESCRIPTION. Foaled 1895, 15 hands
3/4 in. high, weighs in good flesh, 1,200
pounds; mahogany bay, with black
points; a model in form with that won-
derful style characteristic of the tresser
Dare family so universally ac-
knowledged as superior to all. As a
show horse he has made a good record,
winning in his class and sweepstakes
many blue ribbons. In his 3-year-old form
wore 13 blue ribbons out of 14 shows thro'
Central Kentucky. In harness he is
very stylish, well gaited, with pure de-
cided action and steps a clip few sad-
dle horses can show, making him a
harness horse of the highest type. Under
saddle he is attractive, bold, with
best of line action, speedy, separating
his gates perfectly, with knee action
necessary for an up-to-date sile. His
colts, though young, are coming to the
front and fast ranking him one of the
best of breeders, which class bring
sensational prices. His colts are large,
rangy, with long, well-set neck, fine
heads, broad, flat bone, with great ac-
tion and best of colors. I respectfully
invite you to call and inspect them before
booking your mares.

One of Prof. Davis' students made
the best grade in the examination at
Liberty last week. It was Everett
Stroud. There 39 examined and 14 first
class certificates were issued. Ten of
them were students of Middleburg Normal
College, which speaks for itself.
Those getting first class were: Misses
Maud James, Ethel Depp, Dora Cox,
Lucy Coffey, Molito Thomas and Will-
lio Fogle; Messrs. Ernest Stroud, W.
C. Bryant, J. D. Depp and A. D. Weeley.

The year ending June 30, 1902, will
surpass all preceding years in the num-
ber of immigrants arriving in the United
States. It is said that the total will be
more than 600,000, while the highest
previous record was 592,000. This show-
ing upsets the theory that the high mark
of immigration passed with the general
occupation of all sections of the United
States by native and foreign settlers. It
is true that a great deal of public land,
in detached sections, still remains for
utilization, but there are no longer vast
domains such as in former times appeal-
ing to the agricultural immigrants. The
greatest numbers still come from South-
ern Italy and from Austria-Hungary.

As an illustration of the advantages
derived from business combination, it is
stated that last week the clearances of a
New York bank, amounting to \$1,323,024
in one day, were settled by the payment
of 10 cents in cash. This is said to be
the smallest credit balance recorded in
the New York clearing house in 20 years.
The transaction is of more than common
interest. If there were no clearing house,
the bank's messenger might have had to
visit two or three hundred similar insti-
tutions, while the account remained un-
settled for two or three days. As it was,
two hours after the bank closed its agent
cleared the books for the day by the
transfer of a dime.

CONSTITUTED BOWELS.

1902 A Year of Disasters.

The prophets who predicted that 1902
would be a year of disasters were cor-
rect. They have been in the habit of
uttering these prophecies year after
year without result, but this year they
have been verified, though but five
months have passed. If one only
prophesies patiently and persistently he
will assuredly be right, as the almanac
in the country in which had the legend,
"About this time expect rain." Nature
has not been so busy with her forces of
devastation for many years past as she
has been during the first five months of
the present year. Volcanic eruptions and
earthquakes have destroyed 48,450
lives, storms 704, tornadoes 416, cyclones
220, floods 333, avalanches 228, tidal
waves 103, snow slides 39 and wa-
ter spouts 12, a total of 50,505 lives de-
stroyed by nature's elemental disturbances.
If to this total were added the lives lost
by agencies over which man has more or less control, such as fires,
mine disasters, explosions, railroad ac-
idents and vessel wrecks, it would be
increased to over 60,000, and this takes
no account of individual lives lost in
this country, which would bring the
grand total up to about 100,000 lives lost
in the short period of five months.

In the presence of these great natural
convulsions man is powerless and probably
always will be. As to the
disasters occasioned by human igno-
rance or carelessness or neglect the de-
spair of the situation is that the catas-
trophe of today is a sensation for the
day and tomorrow is generally forgot-
ten. It has its lesson, but it is not often
read. Even if read it is rarely heeded.—Chicago Tribune.

Of what does a bad taste in your mouth
remind you? It indicates that your stom-
ach is in bad condition and will remind
you that there is nothing so good for such
a disorder as Chamberlain's Stomach and
Liver Tablets after having once used
them. They cleanse and invigorate the
stomach and regulate the bowels. For

CAUTION

Don't allow an agent or solicitor of any
other company to induce you to give up or
surrender your policy in the HOME. Bear
in mind that agents and solicitors of other
companies have no right whatever to the
possession of your HOME policy. Therefore
keep a sharp watch for the man who wants
you to give up your HOME policy and take
one in his company. It all means loss to you
and only you. Any disinterested man who
knows insurance companies will tell you
there are none better and few as good as
the HOME or New York. And any man who
asks you to give up a HOME policy for an-
other, is more interested in the money he
can make out of it than he is about your
welfare. Address or call on
